- **A-box dimensions (L x W x H):** 492 x 376 x 324 mm
- **Appliances per A box:** 3

Product highlights

Unique dirt tray removal system

The unique dust management system gets rid of dirt, from the floor to the bin, effortlessly. One click of a button opens the chamber, allowing you to empty everything inside straight into the bin without bending down or touching any dirt.

Up to 55 minutes of cordless power on hard floors

Enjoy optimal freedom of movement without a cord getting in your way. Powerful, rechargeable batteries give you up to 55 minutes of cleaning on hard floors. If the Electric Sweeper needs recharging, the battery-low indicator will let you know.

Telescopic handle with soft touch

The telescopic handle extends, allowing you to reach places close at hand or farther away in complete comfort.

Cordless, compact and lightweight

At 1.8 kilograms, the Philips Electric Sweeper is light enough to just grab and go. Its compact design lets you clean even those hard-to-reach places. The unique design and smart 'hang-eye' feature make the Electric Sweeper easy to store, even in 'tight' spaces.

Rotating brush sweeps up the dirt

To make your work easier, an electrically rotating brush automatically flips dirt into the Electric Sweeper's self-contained dirt chamber. Turn on the Electric Sweeper and effortlessly pick up dirt, crumbs, hair and more. This dynamic brush-roll action is safe and effective on any hard or short-pile carpeted floor in your home.
